Spend a fabulous week in the world-renowned ski resort town of St. Moritz, which lies on the south side of the Alps, in the Engadine Valley at 6,000 feet above sea level. The highest mountains of the eastern Alps are in the Upper Engadin, so St. Moritz has great snowfall combined with an average of 322 days of sunshine.

St. Moritz is influenced by three cultures: those of the German-speaking majority of its residents, the romanish-speaking population of the Engadine and the nearby Italians. St. Moritz has dining and entertainment options to suit anyone’s tastes. Catch a movie at the local theaters or enjoy the captivating atmosphere in the Casino St. Moritz. In 1928 and 1948 St. Moritz was the host of the Winter Olympic Games and just played host to the Ski World Championships this year. Numerous ski and bobsleigh world championships, as well as other important winter sports events, together with the famous names of its guests, have all contributed to the unique worldwide fame and prestigious position of St. Moritz—Should we even mention the incredible shopping?

Barcelona Extension:

Make a TWO night stop in Barcelona. Barcelona is one of the most beautiful and exciting cities in the world. It has a huge number of attractions including a city centre which retains its medieval street plan; one of the world’s most famous streets, some stunning modernist architecture including several buildings by Gaudi (the Sagrada Familia, the Casa Milà...), Spain’s most famous architect; dozens of museums including one dedicated to Picasso, another to Miró and yet another to Barcelona’s world famous football club, Barça! Barcelona is almost as lively at night as it is during the day and it has a unique, exciting atmosphere, which provides the visitor with a truly unforgettable experience.

The Hotel St Moritz****, located next to Pg. de Gràcia and refurbished as a hotel in 1990, the hotel will be completely renoved in the middle of 2009. The hotel is placed in one of the most classical buildings in the centre of Barcelona, dated in 1883 and catalogued by Building Historic-Artistic. For this reason we can find in a same space the perfect combination of the most typical elements of the construction period with the most important one typical of the most modern hostelry.
